

All the work has been done! All you need to do is move in.

Bicheno's Gallery & Apartments is Tasmania's premier art gallery and visitor accommodation complex.

WHAT ARE WE?

Located on the tourist Mecca of the east coast of Tasmania, the gallery has successfully been operating for 14 years by the current owners and in recent times has undergone a major expansion.

The complex comprises the art gallery, two 2-bedroom apartments for visitor accommodation, a two bedroom home, artist's studio and huge workshop (set up with professional framing equipment) with a new office to run the business from.

WHERE ARE WE?

Bicheno is situated about two hours drive from Launceston and Hobart on the east coast of Tasmania and is a major tourist destination. Bicheno is at the heart of Tasmania's natural heritage, on the doorstep of the Douglas Apsley National Park and just half and hour from the world renowned Freycinet National Park (Tasmania's most visited N.P.)

Bicheno's Gallery & Apartments has POSITION, POSITION, POSITION. It is situated on the main highway coming into the town proper. The gallery has been successfully operating for 14 years in its present format but now with the addition of the apartments is an outstanding business. There is also opportunity to expand into the framing business as a sideline. All the equipment is there for the new owner.
